Recommended change to the Canterbury Regional Policy Statement pursuant to Clause 20A of Schedule 1 to the Resource Management Act 1991 (RMA)

Clause 20A of Schedule 1 to the RMA states:

“A local authority may amend, without using the process in this schedule, an operative policy statement or plan to correct any minor errors”

The following amendments are recommended to correct minor errors in the Canterbury Regional Policy Statement (CRPS).

1. In Policy 4.13.4, after “provision of funding and resources by the Canterbury Regional Council to support joint...” re-insert the words “management agreements”.
2. In Policy 4.3, edit the formatting to put the sentence “The following tools and processes will be used and considered by the Canterbury Regional Council during the life of this policy...” and the rest of the sentence “...document to maintain, sustain and foster good working relationships and demonstrate commitment,” in the same paragraph.
3. In Policy 4.3.3, edit the formatting to put the sentence “Encourage and support, where appropriate and when approached (on a case-by-case basis), the development of iwi management...” and the rest of the sentence “...plans including the provision of technical advice, administrative support and funding options,” in the same paragraph.

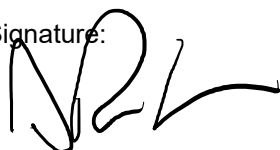

It is considered appropriate to use Clause 20A to Schedule 1 to the RMA to amend the Canterbury Regional Policy Statement to make these changes as these are minor amendments.

Recommendation

The above change as recommended by Environment Canterbury staff, is approved as a correction of a minor error under Clause 20A, and a copy of these changes is displayed on the Environment Canterbury Website.
