

To CPW Hearings Commissioners

We would like to add a final comment to be addressed to the Commissioners as follows:

We would like it noted that we specifically concur with the following presentations:

1. Submission from John Hugh Thwaites:
Paragraph 7
Paragraphs 13, 14, 15, 16, 17 and 18
Paragraphs 26-39
2. Presentation from Mr Michael Parker of behalf of the Malvern Hills Protection Society
3. The Royal Forest and Bird Society
4. Department of Conservation and Fish and Game.

No doubt this is not a comprehensive list of objection submissions that we would agree with but the 'reading list' is extensive.

Please consider our opinions and do not allow this private, environmentally damaging scheme to proceed - there must be a better way.

Thank you for your time and consideration.
