

A Introduction to the applications

1. I act for 18 applicants.
2. Between those applicants a total of 35 applications are made for a range of activities including damming, diverting, taking and using of surface and groundwater resources.
3. From the main stem of the Waitaki River there are eight applicants applying for a combined surface water and connected groundwater take of 2.088m³/s.¹
4. From the tributaries of the Waitaki River two applicants seek a combined take of 49.53 L/s from Otekaieke River² and one applicant for 48 L/s from Kurow Creek.³
5. From the Hakataramea River, two applicants seek to renew existing consents and take 90 L/s.⁴
6. From the tributaries of the Hakataramea River five applicants are made to take a combined surface water take of 125 litres per second.⁵ One application is made for consent to divert water (a retrospective application in circumstances where other damming, taking and use consents exist).⁶ Three applications are to harvest water from those tributaries.
