

Report 1, Appendix 4: Notification details

This Appendix contains the notification wording for all consents at this hearing. Consents are grouped by applicant listed in alphabetical order. For each applicant, the date(s) that an application was publicly notified are contained below the notification wording. Some applications have been notified more than once. Where this has occurred, the notification wording is from the most recent public notification notice.

CAMERON, W N

Applicant: Mr W N Cameron
Address: Wainui Station, Hakataramea, R D, KUROW 8951

CRC041002 - To take and use water from gallery I40/0526 (4 metres deep, 1 metre diameter), at or about map reference NZMS 260 I40:1853-9845, at a maximum rate of 53 litres per second, 4,388 cubic metres per day, with an annual volume not exceeding 647,700 cubic metres, for the spray irrigation of up to 102 hectares of pasture and feed crops for an existing farming operation adjoining State Highway 82, Wainui.

This application is to replace WTK875192, which authorised a take of 38 litres per second and an annual volume of 540,000 cubic metres. A 35 year duration is sought

CRC041003 - To take and use water from the Waitaki River and/or various unnamed tributaries of Wainui Stream, between at or about map references NZMS 260 I40:204-994 and I40:231-965, at a maximum rate of 30 litres per second, 2,592 cubic metres per day, with an annual volume not exceeding 381,000 cubic metres, for the spray irrigation of up to 60 hectares of pasture and feed crops for an existing farming operation adjoining State Highway 82, Wainui.

This application is to replace WTK875191, which authorised a take of 38 litres per second and an annual volume of 600,000 cubic metres. A 35 year duration is sought

Applications CRC041002 and CRC041003 were publicly notified on the following dates:

- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 (submissions closing 28 September 2007)

CLARKESFIELD HOLDINGS (1996) LIMITED – IRRIGATION PROPOSAL

Applicant: **Clarksfield Holdings (1996) Limited**
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC061919 - to take and use water at a combined maximum rate not exceeding 39.5 litres per second from a channel between at or about map references NZMS 260 I40:247-960 and I40:249-954, and bore I40/0625 (diameter: 300 millimetres, depth: 10 metres) at or about map reference NZMS 260 I40:257-956, with a combined annual volume not exceeding 1, 053, 920 cubic metres, for the spray irrigation of 188.2 hectares of crops and pasture.

CRC061931 - to take and use water at a maximum rate not exceeding 5.5 litres per second with an annual volume not exceeding 66,080 cubic metres, from bore I40/0624 (diameter: 300 millimetres, depth: 10 metres) at or about map reference NZMS 260 I40:230-962, for the spray irrigation of 11.8 hectares of crops and pasture.

CRC061931 and **CRC061919** are for an existing activity, with an increase in annual volume of 420,000 cubic metres per year.

Applications **CRC061919** and **CRC061931** were publicly notified on 4 August 2007 with submissions closing on 28 September 2007

CLARKESFIELD HOLDINGS (1996) LIMITED – HYDRO PROPOSAL

Applicant: **Clarksfield Holdings (1996) Limited**
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC050565 - To construct and maintain a hydro-electricity generation scheme on the Waitaki River and any related river works needed to ensure sufficient water is available to divert into the scheme, between map references NZMS 260 I40: 2390-9520 and I40: 2710-9458, at State Highway 82, Kurow. A 35 year duration is sought.

CRC050566 - To divert water from the Waitaki River at a rate not exceeding 4,200 litres per second, continuously into a hydro-electricity scheme capable of generating 300 kilowatts, at or about map reference NZMS 260 I40: 2390-9520, at State Highway 82, Kurow. A 35 year duration is sought.

CRC050567 - to discharge water into the Waitaki River at a rate not exceeding 4,200 litres per second, from a hydro-electricity scheme at or about map reference NZMS 260 I40: 2710-9458, at State Highway 82, Kurow. A duration of 35 years is sought.

Applications CRC050565, CRC050566 and CRC050567 were publicly notified on 4 August 2007 with submissions closing on 28 September 2007

CHALMERS, D D & V J

Applicant: **Mr & Mrs D D & V J Chalmers**
Address: R J Hall Civil & Environmental Consulting Limited (Timaru), PO Box 503,
Timaru

CRC042124 - To take and use water from bore J41/0124 (34.4 metres deep, 300 millimetres diameter), at or about map reference NZMS 260 I41:624-854, at a maximum rate of 34 litres per second, with an annual volume not exceeding 522,000 cubic metres, for the spray irrigation of up to 90 hectares of pasture for an existing dairying operation on Andrews Road, Glenavy. A 35 year duration is sought.

Application CRC042124 was publicly notified on 4 August 2007 with submissions closing on 28 September 2007.

GILLINGHAM, M S

Applicant: **Mr M S Gillingham**
Address: Irricon Consultants, RD 2, Palmerston, Otago
Attn: Mr Dugald MacTavish

CRC070820 - To take and use groundwater from bore I41/0045, 1200 millimetres diameter and 7 metres deep, at or about map reference I41:2178-8549, at a rate of 22 litres per second with a volume not exceeding 18,220 cubic metres in any period of ten days, and a volume combined with consent application CRC070826 not exceeding 175,000 cubic metres per year, for irrigation of crops and pasture at West Maerewhenua Road, North Otago. A 35 year duration is sought.

CRC070826 - To take, store and use water from the Maerewhenua River when the flow is greater than two cubic metres per second, at a rate not exceeding 120 litres per second and a maximum volume combined with consent application CRC070820 of 175,000 cubic metres per year, at or about map reference I41:2136-8462, to store for irrigation purposes of crops and pasture at West Maerewhenua Road, North Otago. A 35 year duration is sought.

Applications CRC070820 and CRC070826 were publicly notified on 4 May 2007 with submissions closing on 28 September 2007.

HAKATARAMEA STATION 1990 LIMITED

Applicant: Hakataramea Station 1990 Limited
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC040999 - to dam 413,000 cubic metres of water in four storage dams located at or about map references NZMS 260 I39:197-278, I39:208-276, I39:221-273 and I39:229-253; and to take and use water from the storage dams at a maximum rate not exceeding 75 litres per second, with an annual volume not exceeding 577,500 cubic metres, for the spray irrigation of 105 hectares of crops and pasture, between McKays Road and Hakataramea Valley Road, in the Hakataramea Valley. This is an application for a new consent. A 35 year duration is sought.

CRC042653 - to disturb and excavate and place structures in the bed of unnamed streams at map references NZMS 260 I39:197-278, I39:208-276, I39:221-273 and I39:229-253, to construct four storage dams for irrigation purposes, between McKays Road and Hakataramea Valley Road, in the Hakataramea Valley. A 5 year duration is sought.

CRC950464.2 - to change conditions of CRC950464.1, to take water at a rate not exceeding 15 litres per second, with a volume not exceeding 9,100 cubic metres in any seven consecutive day period, from McKays Stream, at or about map reference NZMS 260 I39:174-276, for stockwater and irrigation purposes. To also include in the water permit the damming of water in McKays Stream for stockwater and irrigation purposes.

CRC981376 - to divert surface water with an annual volume not exceeding 1,148,180 cubic metres from McKays Stream at or about map reference NZMS 260 I39:174-276, to water races flowing to dams located at or about map references NZMS 260 I39:197-278, I39:208-276, I39:221-273 and I39:229-253, between McKays Road and Hakataramea Valley Road, in the Hakataramea Valley. A 35 year duration is sought.

CRC981377 - to disturb and excavate the bed of McKays Stream at or about map reference NZMS 260 I39:174-276, to install an water intake structure to divert water via existing water races to four dams at McKays Road and Hakataramea valley Road, Hakataramea Valley. A 5 year duration is sought.

Applications CRC040999 and CRC981376 were publicly notified on the following dates:

- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 (with submissions closing 28 September 2007)

Applications CRC042653, CRC950464.2 and CRC981377 were publicly notified on 4 August 2007 with submissions closing 28 September 2007.

HAKA VALLEY IRRIGATION LIMITED

Applications in the name of Haka Valley Irrigation were publicly notified in the name of Hakataramea Valley Irrigation Inc.

Applicant: Hakataramea Valley Irrigation Inc
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC032177 - To take and use surface water at a maximum rate not exceeding 3,000 litres per second, with an annual volume not exceeding 36,000,000 cubic metres, from the Waitaki River at or about map reference NZMS 260 140:0827-0865 for the spray irrigation of 6,000 hectares of crops and pasture in the Hakataramea Valley.

CRC032178 - To place a pump shed, suction line and fish screen on the north bank of the Waitaki River at or about map reference NZMS 260 140:0827-0865 near Normanvale Estates intake, Kurow

Application CRC032177 was publicly notified on the following dates:

- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 (with submissions closing 28 September 2007)

Application CRC032178 was publicly notified on 4 August 2007 with submissions closing 28 September 2007.

MAEREWHENUA DISTRICT WATER RESOURCES COMPANY LIMITED

Applicant: Maerewhenua District Water Resource Company Limited
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC041004 - To take and use water at a maximum rate not exceeding 468 litres per second, with an annual volume not exceeding 5,868,270 cubic metres, from a proposed galleries 140/0536 (10 metres deep, 600 millimeters diameter) at or about map reference NZMS 260 140:2951-9192 and at Duntroon Springs at or about map reference NZMS 260 140:2694-9241 for the spray irrigation of 936 hectares of crops and pasture within a scheme area of 5,900 hectares adjacent to Duntroon Georgetown Road, Duntroon. A 35 year duration is sought.

Application CRC041004 was publicly notified on the following dates:

- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 (with submissions closing 28 September 2007)

MEIKLE, R J & J M

Applicant: Mr & Mrs R J & J M Meikle
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC040446 - to take and use up to 12 litre of water per second, with a volume not exceeding 1036.8 cubic metres per day, and an annual volume not exceeding 144,300 cubic metres, from bore 141/0030, 100 millimetres diameter and 15 metres deep, at or about map reference NZMS 260 141:2088-8544, for spray irrigation of 26 hectares of crop and pasture. A 35 year duration is sought.

This application was publicly notified on 4 August 2007 with submissions closing 28 September 2007.

PADKINS CREEK COMMUNITY RACE

Applicant: Padkins Creek Community Race
Address: Padkins Creek Community Race, Hillside, R D, KUROW

CRC011989 - to divert, take and use surface water at a maximum rate not exceeding 110 litres per second, with a volume not exceeding 66,528 cubic metres in any period of seven consecutive days, and an annual volume not exceeding 756,000 cubic metres, from Kirkliston Stream at map reference NZMS 260 NZMS260 I40:131-197, into Padkins Stream, Bellfield Stream and Farm Stream for domestic and stock water supply and for the spray irrigation of 130 hectares of crops and pasture owned by the Padkins Creek Community Race members; Hillside, Viewfield, Montara, Readlands and Bellfield Stations, between Milnes Road and Corrighalls Road, Hakataramea Valley. This is an application for a replacement consent. A 35 year duration is sought.

Application CRC011989 was publicly notified on the following dates:

- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 (with submissions closing 28 September 2007)

PRINGLE, R G & Z L

Applicant: Mr & Mrs R G & Z L Pringle
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC050940 - to take and use water at a maximum rate not exceeding 14 litres per second, with an annual volume not exceeding 612,000 cubic metres, in combination with CRC050957, from three water holes at or about map references NZMS 260 I39: 253-346, I39: 255-341 and I39:256-338, for the spray irrigation of 120 hectares of crops and pasture, between Moorlands Road and Hakataramea Valley Road, in the Hakataramea Valley. A 35 year duration is sought.

CRC050957 - to divert and use surface water at a maximum rate not exceeding 40 litres per second, with an annual volume not exceeding 612,000 cubic metres, in combination with CRC050940, from the Hakataramea River at map reference NZMS 260 I39:260-337, for the spray irrigation of 120 hectares of crops and pasture, between Moorlands Road and Hakataramea Valley Road, in the Hakataramea Valley. A 35 year duration is sought.

CRC050960 - to excavate, disturb, place, install and maintain a culvert in the bed of the Hakataramea River for the diversion of water, at map reference NZMS 260 I39:260-337 Moorlands Road, Hakataramea. A 35 year duration is sought.

Applications CRC050940, CRC050957 and CRC050960 were publicly notified on 4 August 2007 with submissions closing 28 September 2007.

ROBERTSON, R H

Applications in the name of RH Robertson were publicly notified in the name of RH & J Robertson Family Trust and Foveran Station Limited.

Applicant: R H & J Robertson Family Trust
Address: Raineffects Limited, 68 Campbells Road, Dunedin,
Attn: Mr D Stewart

CRC031592 - to take and use surface water at a maximum rate not exceeding 26 litres per second, with an annual volume not exceeding 354,250 cubic metres, from the Hakataramea River at or about map reference NZMS 260 I40:168-109, for the spray irrigation of 65 hectares of crops and pasture, adjoining McHendrys Road, in the Hakataramea Valley. This is an application for a new consent. A 35 year duration is sought.

Application CRC031592 was publicly notified on the following dates:

- 9 July 2003 with submissions closing 6 August 2003
- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 with submissions closing 28 September 2008

Applicant: Foveran Station Limited
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC032220 - to take and use surface water at a maximum rate not exceeding 320 litres per second, with a daily volume not exceeding 27,648 cubic metres, and an annual volume not exceeding 3,657,000 cubic metres, from an irrigation dam at or about map reference NZMS 260 I40:224-134, for the spray irrigation of 690 hectares of crops and pasture between McHendrys Road and Table Top Road, Hakataramea Valley. A 35 year duration is sought.

CRC032221 - to excavate and disturb the bed of Homestead Stream to construct and place a 28 metre high dam, at or about map reference NZMS 260 I40:224-134 between Frasers Road and Meyers Pass Road, Hakataramea Valley. This is a new application. A 5 year duration is sought.

CRC032222 - to dam up to 5.5 million cubic metres of water in Homestead Stream, at or about map reference NZMS 260 I40:224-134 between Frasers Road and Meyers Pass Road, Hakataramea Valley. The dam will be 28 metres high and the length of the damned area will be 2,200 metres. A 35 year duration is sought.

Application CRC032220 was publicly notified on the following dates:

- 6 December 2003 as part of MfE call-in of all Waitaki consents
- 4 August 2007 (submissions closing 28 September 2007)

Applications CRC032221 and CRC032222 were publicly notified on 4 August 2007 with submissions closing on 28 September 2007.

Applicant: Foveran Station Limited

Address: C/- Berry & Co, P O Box 179, Queenstown
Attn: Robert Makgill

CRC084057 – to discharge:

1. up to 8.6 million cubic metres of water annually, at a rate of up to 170 cubic metres per second, for the purpose of passing flood flows via a spillway; and/or
2. up to 20 cubic metres per second for the purpose of dewatering or sluicing via a sluice or discharge valve; and/or
3. up to 180 litres per second for the purpose of irrigation use or augmentation via a discharge valve;

into Homestead Stream from a proposed dam at map reference NZMS 260 I40:224-134 at Table Top Road, Hakataramea.

This application is for a new activity and the applicant has requested a duration of 35 years.

Application CRC084057 was publicly notified on 24 May 2008 with submissions closing 1 July 2008.

RPNZ PROPERTIES LIMITED

Applicant: RPNZ Properties Limited

Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC051767 - to take and use water at a maximum rate not exceeding 30 litres per second, with an annual volume not exceeding 252,000 cubic metres, from a pond adjacent to the Hakataramea River at or about map reference NZMS 260 I40:218-164, for the spray irrigation of 48 hectares of crops and pasture, adjoining McHendrys Road, in the Hakataramea Valley. This is an existing activity. A 35 year duration is sought.

CRC051768 - to take and use water at a maximum rate not exceeding 26 litres per second, with an annual volume not exceeding 212,000 cubic metres, from bores I40/0003, and I40/0159, (1000 millimetres diameter and three metres deep), at or about map references NZMS 260 I40:207-156 and I40:210-159, for the spray irrigation of 40 hectares of crops and pasture, adjoining McHendrys Road, in the Hakataramea Valley. This is an existing activity. A 35 year duration is sought.

CRC051769 - to take and use water at a combined maximum rate not exceeding 20 litres per second, with an annual volume not exceeding 216,000 cubic metres, from bore I40/0528, (500 millimetre diameter and 10 metres deep), at or about map reference I40:147-102, bore I40/0440, (500 millimetres diameter and 10 metres deep), at or about map reference NZMS 260 I40: 144-103, and from bore I40/0441, (500 millimetres diameter and 10 metres deep), at or about map reference NZMS 260 I40: 150-106, for the spray irrigation of 40 hectares of crops and pasture, adjoining McHendrys Road, in the Hakataramea Valley. This is an existing activity with the inclusion of an additional bore. A 35 year duration is sought.

Applications CRC051767, CRC051768 and CRC051769 were publicly notified on 4 August 2007 with submissions closing 28 September 2007.

RUTHERFORD, E R

Applicant: Mr E R Rutherford
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC063815 - To take and use water at a maximum rate not exceeding 81 litres per second, with an annual volume not exceeding 706,250 cubic metres, from a gallery near the Waitaki River at or about map reference NZMS 260 I40:238-942 for the spray irrigation of 125 hectares of crops and pasture at Duntroon Georgetown Road, Duntroon. A 35 year duration is sought.

Application CRC063815 was publicly notified on 4 August 2007 with submissions closing 28 September 2007.

SMALL, N J

Applicant: Mr N J Small
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC040988 - to dam 2,600,000 cubic metres of water behind a 23 metre high dam in Mortens Creek at map reference NZMS 260 I39:195-389, Gromans Road, Hakataramea Valley. A 35 year duration is sought.

CRC040989 - to divert surface water from Grampians Stream at or about map reference NZMS 260 I39:182-415 to a storage dam at map reference I39:195-389 at a rate not exceeding 30 litres per second, with an annual volume not exceeding 946,080 cubic metres; and

To divert water at a rate not exceeding 1,000 litres per second, with an annual volume not exceeding 4,140,000 cubic metres, from Grampians Stream at map reference NZMS 260 I39:1824-4150 to a storage dam at or about map reference NZMS 260 I39:195-389. Water may be diverted when the flow in the Hakataramea River at SH 82 is at or above 4.5 cubic metre per second. This is a new application. A 35 year duration is sought.

CRC051766 - to take and use surface water at a maximum rate not exceeding 200 litres per second, with an annual volume not exceeding 1,540,000 cubic metres, from a storage dam at map reference NZMS 260 I39:1950-3590, for the spray irrigation of 275 hectares of crops and pasture, at Gormans Road, Hakataramea Valley. A 35 year duration is sought.

CRC071825 - to excavate and disturb the bed of Mortens Stream to construct and place a 23 metre high dam impounding 2,600,000 cubic metres of water at map reference NZMS 260 I39:195-389 and to excavate and disturb the bed of Grampian Stream to construct and place a diversion bund at map reference NZMS 260 I39:180-417. A 35 year duration is sought.

Application CRC011988 was publicly notified on the following dates:

- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 (with submissions closing 28 September 2007)

Applications CRC040989, CRC051766 and CRC071825 were publicly notified on 4 August 2007 with submissions closing 28 September 2007.

STAR HOLDINGS LIMITED

Applicant: Star Holdings Limited
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC021221.2 - To change conditions of water permit CRC021221.1 to increase the volume of water dammed from 300,000 cubic metres to 500,000 cubic metres, and to include irrigation as a use of the water, at Caberfeidh Station, Hakataramea Valley.

CRC021258 - to excavate, disturb, and place a structure, for the diversion of water, in Station Stream, at or about map reference NZMS 260 I39:154-225, within Caberfeidh Station, Middle Road, Hakataramea Valley. A 5 year duration is sought.

CRC021585 - to divert surface water at an annual volume not exceeding 3,740,000 cubic metres, from Station Stream, at or between map references NZMS 260 I39:151-225 and NZMS 260 I39:151-229 for storage in a dam within Caberfeidh Station. The rate at which water is diverted shall not exceed 50 percent of the flow of Station Stream at any time. Water may only be diverted when the flow in the Hakataramea River at SH 82 is at or above 4.5 cubic metre per second. This is a new activity. A 35 year duration is sought.

CRC072756 - to take and use surface water at a maximum rate not exceeding 434 litres per second, with an annual volume not exceeding 3,240,000 cubic metres, from a dam at map reference NZMS 260 I39:155-215, for the spray irrigation of 600 hectares of crops and pasture at Caberfeidh Station. This is a new activity. A 35 year duration is sought.

Application CRC021585 was publicly notified on the following dates:

- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 (with submissions closing 28 September 2007)

Applications CRC021221.2, CRC021258 and CRC072756 were publicly notified on 4 August 2007 with submissions closing on 28 September 2007.

Applicant: Star Holdings Limited
Address: C/- Irricon Consultants, Alford Park, R D 1, Ashburton
Attention: Keri Johnston

CRC084260 (discharge water) - to discharge water into a tributary of Station Stream, instead of to Potato Creek as authorised by CRC021223.1, at a rate not exceeding 2,500 litres per second into a tributary of Station Stream from a dam at or about map reference NZMS 260 I39:1550-2150 at Corrigalls Road, Hakataramea Valley.

The duration sought is until 25th April 2037, the expiry date of existing consent CRC021223.1

CRC951776.5 (transfer a water take point) - to transfer the point of take of consent CRC951698.1, the rate of 30 litres per second and the daily volume of 2,592 cubic metres per day, a distance of 2,700 metres upstream in Station Stream from map reference NZMS 260 I39:170-205, and to transfer the point of take of consent CRC951804.2, the rate of 30 litres per second and the daily volume of 2,592 cubic metres per day, a distance of 2,700 metres upstream in Station Stream from map reference NZMS 260 I39:170-205, to map reference NZMS 260 I39:1515-2250 (the take point of CRC951776.4, rate of 43 litres per second and a volume not exceeding 3,716 cubic metres per day). The water would be diverted at a rate of

103 litres per second (30 + 30 + 43) to the dam proposed under application CRC021221.2 and then be used for spray irrigation under application CRC072756. The environmental flow restriction proposed is a cessation of take at 500 litres per second in the Hakataramea River at State Highway 82 and a 50% reduction per day at 1,500 litres per second in the Hakataramea River at State Highway 82. If granted, consents CRC951698.1 and CRC951804.2 will be surrendered.

The duration sought is until the expiry of CRC951776.4 on 26 October 2030.

Applications CRC084260 and CRC951776.5 were publicly notified on 14 May 2008 with submissions closing 1 July 2008.

STATION PEAK LIMITED & WAINUI STATION LIMITED

Applications in the name of Station Peak Limited & Wainui Station Limited were publicly notified in the name of Station Peak Partnership & Wainui Farm Limited.

Applicant: Station Peak Partnership & Wainui Farm Limited
Address: C/- Wainui Station Limited, Hakataramea, RD Kurow 8951

CRC051795 - To divert up to 720 litres per second from the Waitaki River between map references NZMS 260 I40:127-034 and I40:134-027 into irrigation races, and to discharge up to 720 litres per second back to the Waitaki River at or about map reference NZMS 260 I40:1545-0055. This consent will enable water to be taken and used at a rate of up to 570 litres per second as authorised under consent CRC960030.1 for irrigation of pasture and feed crops for existing irrigated farming operations adjoining State Highway 82, Wainui. A consent expiry date of 23 August 2030 is sought, which is the same expiry date as CRC960030.1.

Application CRC051795 was publicly notified on 4 August 2007 with submissions closing 28 September 2007.

SUNNY DOWNS LIMITED

Applicant: Sunny Downs Limited
Address: Irrigation Resource Solutions Ltd, PO Box 80, Lake Tekapo,
Attn: H McCabe

CRC073249 - to take water at a rate not exceeding 45 litres per second, with a volume not exceeding 3,888 cubic metres per day and a volume not exceeding 490,500 cubic metres per year, from waterhole I40/0548 at or about map reference NZMS 260 I40:1620-9250 for spray irrigation of 115 hectares at Eastern Road, Otekaieke. A 35 year duration is sought.

Application CRC073249 was publicly notified on 4 August 2007 with submissions closing 28 September 2007.

SUTTON, R W & M E

Applicant: Mr & Mrs R W & M E Sutton
Address: Irrigation Resource Solutions Ltd, PO Box 80, Lake Tekapo,
Attn: H McCabe

CRC071114 - To divert water at a rate of 50 litres per second and with a volume not exceeding 500,000 cubic metres per year, to a storage dam for irrigation purposes, from Avonlea Stream at or about map reference I40:0961-1262, approximately 4.5 kilometres north west of Hakataramea Valley between Hayes and Farm Road. A 35 year duration is sought.

Application CRC071114 was publicly notified on 4 August 2007 with submissions closing on 28 September 2007.

TORACH FARM LIMITED

Applicant: Torach Farm Limited
Address: 443 Priests Road, 9 K RD, Oamaru
Attn: A Black

CRC073237 - To take and use water from a pond adjacent to the Waitaki River at a rate not exceeding 100 litres per second, for 24 hours per day, 10 days in 10, and a volume not exceeding 1,225,000 cubic metres per year, at or about map reference NZMS 260 I40:224-945 at Priests Road, Oamaru. A 35 year duration is sought.

Application CRC073237 was publicly notified on 4 August 2007 with submissions closing on 28 September 2007.

WAIHAO IRRIGATION LIMITED

Applications in the name of Waihao Irrigation Limited were publicly notified in the name of Waihao Downs Irrigation Limited.

Applicant: Waihao Downs Irrigation Limited
Address: Pattle Delamore Partners Limited, PO Box 389, Christchurch
Attn: L Torgerson

CRC040427 - to disturb the bed of the Waitaki River either between at or about map references NZMS 260 J40:395-898 and J40:413-894, to construct and maintain a new intake near Pub Road, Ikawai, and to construct and maintain a diversion channel; or between at or about map references NZMS 260 J40:342-910 and J40:368-908, to construct and maintain a new intake near the Morven Glenavy Irrigation Scheme intake at Stonewall, and to construct and maintain a diversion channel; and to disturb the beds of the Waihuna & Elephant Hill Streams, at or about map references NZMS 260 J40:409-911 and J40:415-914 respectively, to construct and reconstruct inverted siphons for the conveyance of irrigation water. A 35 year duration is sought.

CRC040428 - To take and use water from the Waitaki River at a maximum rate of 3.06 cubic metres per second, with an annual volume not exceeding 38 million cubic metres, for the spray irrigation of up to 6,800 hectares in the upper Waihao River catchment.

The water will be taken via one of the following three options:

- via a new intake to be constructed near Pub Road, Ikawai, about 5km downstream of Stonewall on the north bank of the Waitaki River, at or about map reference NZMS 260 J40:408-897; or
- via a new intake beside Morven Glenavy Irrigation Scheme's existing intake at Stonewall, at or about map reference NZMS 260 J40:361-907; or
- via the proposed Hunter Downs Irrigation Scheme intake, also at Stonewall, at or about map reference NZMS 260 J40:361-907.

When the calculated flow of the Waitaki River at the Kurow Gauge (map reference NZMS 260 I40:079-088), plus any flow taken upstream of the Kurow Gauge and returned downstream of the Kurow Gauge, but upstream of the Waihao Downs Irrigation Scheme intake (whichever one is used), as estimated by Environment Canterbury, falls below 100 cubic metres per second, the taking of water shall cease.

A reduction in the rate at which water is taken will commence when the calculated flow of the Waitaki River at the Kurow Gauge, plus any flow taken upstream of the Kurow Gauge and returned downstream of the Kurow Gauge, but upstream of the Waihao Downs Irrigation Scheme intake (whichever one is used), as estimated by Environment Canterbury, falls below 190 cubic metres per second. A 35 year duration is sought

CRC040429 - to disturb the beds, and place a water supply pipeline within, minor watercourses, and to use land with slopes greater than 21 degrees to excavate a route for water supply pipelines, in the Waihao Downs area enclosed within approximate map references NZMS J40:437-930, J40:385-016, J40:538-995 and J40:441-040. A 35 year duration is sought.

Application CRC040428 was publicly notified on the following dates:

- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 (with submissions closing 28 September 2007)

Applications CRC040427 and CRC040429 were publicly notified on 4 August 2007 with submissions closing 28 September 2007.

WAITAKI ORCHARDS LIMITED

Applicant: Waitaki Orchards Limited
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
 PO Box 503, Timaru

CRC061399 - To take and use water from a spring-fed pond, at or about map reference NZMS 260 I40:126-017, at a maximum rate of 98 litres per second, at a volume not exceeding 2,177 cubic metres per week and an annual volume not exceeding 111,810 cubic metres for the spray irrigation and frost protection of a 7.6 hectare stonefruit orchard at Kurow-Duntroon Road, Kurow. A 35 year duration is sought.

Application CRC061399 was publicly notified on 4 August 2007 with submissions closing on 28 September 2007.

WAITAKI VALLEY VINEYARDS LIMITED

Applicant: Waitaki Valley Vineyards Limited
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC070328 - to take and use water at a rate not exceeding 45 litres per second, with a volume not exceeding 3,888 cubic metres per day and an annual volume not exceeding 490,500 cubic metres, from Malcolms Creek at or about map references NZMS 260 I40:096-965 and I40:111-965 for spray irrigation of 90 hectares between Springhills Road and Domett Road and Otiake Road, Otiake. A 35 year duration is sought.

Application CRC070328 was publicly notified on 4 August 2007 with submissions closing on 28 September 2007.

WAITAKI VINEYARD ESTATES LIMITED

Applicant: Waitaki Vineyard Estates Ltd
Address: C/- Water Resources Otago Ltd, PO Box 47, Cromwell
Attention: Mr Grant Richards

CRC081291 - to take and use water from bore I40/0157 (200 millimetres diameter and 107 metres deep, located at or about map reference NZMS 260 I40:1558-9430), and bore I40/0641 (150 millimetres diameter and 84 metres deep, located at or about map reference NZMS 260 I40:1653-9443) at a rate of 0.6 litres per second and a volume not exceeding 18,652 cubic metres between 1 July and the following 30 June, for the community water supply for 12 lots, at Special School Road, Otekaieke.

CRC082321 - to take and use water from bore I40/0157 (200 millimetres diameter and 107 metres deep, located at or about map reference NZMS 260 I40:1558-9430), and bore I40/0641 (150 millimetres diameter and 84 metres deep, located at or about map reference NZMS 260 I40:1653-9443) at a rate of 5.25 litres per second and a volume not exceeding 165,665 cubic metres between 1 July and the following 30 June, for the irrigation of 32.6 hectares of vineyard, pasture and crops and frost protection purposes, at Special School Road, Otekaieke.

These applications are for a new activity and the applicant has requested a duration of 35 years.

Applications CRC081291 and CRC082321 were publicly notified on 3 May 2008 with submissions closing 1 July 2008.

WARNBRO ENTERPRISES LIMITED

Applicant: Warnbro Enterprises Limited
Address: R J Hall Civil & Environmental Consulting Limited (Timaru),
PO Box 503, Timaru

CRC062308 - To take and use water from bore I40/0155, (3 metres deep), at or about map reference I40:1550-9272, and a proposed bore (10 metres deep), at or about map reference I40: 1545-9258, at a rate not exceeding 4.53 litres per second, with a volume not exceeding 391.5 cubic metres per day and an annual volume not exceeding 142, 898 cubic metres, for community supply at Campbell Park. A 35 year duration is sought.

Application CRC062308 was publicly notified on 4 August 2007 with submissions closing on 28 September 2007.

WESTMERE ESTATE LIMITED

Applicant: Westmere Estate Limited
Address: C/- James Alexander Chapman, 186 Settlement Road, Kurow

CRC012051 - to take and use water from Kurow Creek at a rate not exceeding 115 litres of water per second, and a volume not exceeding 2,660,515 cubic metres per year at or about map reference NZMS 260 I40:080-997 for irrigation of 197 hectares of pasture and crops and for stockwater and domestic purposes at Westmere Estate, Settlement Road, Kurow. A 35 year duration is sought.

Application CRC012051 was publicly notified on the following dates:

- 6 December 2003 as part of the MfE call-in of all Waitaki consents
- 4 August 2007 (with submissions closing 28 September 2007)
