

APPENDIX 1

New consent numbers replacing previous applications for Central Plains Water

New consent number and description	Previous consent number and description	Notes	Duration (years)
<p>CRC102325 Disturb, excavate and deposit material, and remove and plant vegetation within a riparian margin during construction of scheme structures</p>	<p>CRC061820 Disturb, excavate, deposit material, remove plant and vegetation</p> <p>CRC061822 Disturb, excavate, deposit material, remove plant and vegetation</p> <p>CRC061843 Disturb, excavate, deposit material, remove plant and vegetation</p> <p>CRC073034 Land use consent, Discharge structures, erosion protection, excavate, disturb</p> <p>CRC073035 Land use consent, Discharge structures, erosion protection, excavate, disturb</p>	<p>Construction phase. Includes all rivers. May need to alter Schedules C3 and C4 in light of Minute 14</p>	<p>15</p>
<p>CRC102326 Disturb, excavate and deposit material, and remove and plant vegetation within a riparian margin during operation and maintenance of scheme structures</p>	<p>CRC061820 Disturb, excavate, deposit material, remove plant and vegetation</p> <p>CRC061822 Disturb, excavate, deposit material, remove plant and vegetation</p> <p>CRC061843 Disturb, excavate, deposit material, remove plant and vegetation</p> <p>CRC073034 Land use consent, Discharge structures, erosion protection, excavate, disturb</p> <p>CRC073035 Land use consent, Discharge structures, erosion protection, excavate, disturb</p>	<p>Operational phase. Includes all rivers. May need to alter Schedules C3 and C4 in light of Minute 14</p>	<p>35</p>
<p>CRC102328 To disturb and excavate the bed of a river to place structures</p>	<p>CRC061846 Structures, excavation, disturbance</p> <p>CRC061847 Structures, excavation, disturbance</p>	<p>Construction phase.</p>	<p>15</p>
<p>CRC102329 To disturb and excavate the bed of a river to operate, repair and maintain structures</p>	<p>CRC061846 Structures, excavation, disturbance</p> <p>CRC061847 Structures, excavation, disturbance</p>	<p>Operational phase.</p>	<p>35</p>

<p>CRC102330 To disturb excavate and deposit material and remove and plant vegetation within the bed and margins of a river for the construction of an intake structure</p>	<p>CRC061863 Place structures, disturb, excavate, deposit material, remove plant and vegetation</p> <p>CRC061868 Place structures, disturb, excavate, deposit material, remove plant and vegetation</p>	<p>Construction phase. Includes both Waimakariri and Rakaia intakes</p>	<p>15</p>
<p>CRC102331 To disturb excavate and deposit material and remove and plant vegetation within the bed and margins of a river for the operation and maintenance of an intake structure</p>	<p>CRC061863 Place structures, disturb, excavate, deposit material, remove plant and vegetation</p> <p>CRC061868 Place structures, disturb, excavate, deposit material, remove plant and vegetation</p>	<p>Operational phase. Includes both Waimakariri and Rakaia intakes</p>	<p>35</p>
<p>CRC102332 Discharge contaminants and water to water during scheme construction</p>	<p>CRC061871 Discharge contaminants during construction</p> <p>CRC061873 Discharge contaminants during construction</p> <p>CRC061920 Discharge contaminants during construction</p>	<p>Construction phase.</p>	<p>15</p>
<p>CRC102333 Discharge contaminants and water to water during scheme operation and maintenance</p>	<p>CRC061871 Discharge contaminants during construction</p> <p>CRC061873 Discharge contaminants during construction</p> <p>CRC061920 Discharge contaminants during construction</p>	<p>Operational phase.</p>	<p>35</p>
<p>CRC102334 Discharge stormwater which may contain contaminants onto or into land or into water</p>	<p>CRC061922 Discharge stormwater, may contain contaminants</p> <p>CRC061945 Discharge stormwater, may contain contaminants</p> <p>CRC061924 Discharge stormwater, may contain contaminants</p> <p>CRC061983 Discharge stormwater, may contain contaminants</p>	<p>Stormwater discharges are for operational phase only therefore one consent would cover this activity.</p>	<p>35</p>
<p>CRC102335 Discharge water and contaminants from canals and distribution races to land and water</p>	<p>CRC061950, CRC071916 and CRC071917 Discharge surplus water and contaminants</p> <p>CRC061977 Discharge water and contaminants</p> <p>CRC061978 Discharge surplus water and contaminants</p>	<p>May need to alter Schedules C3 and C4 in light of Minute 14</p>	<p>35</p>

<p>CRC102336 Discharge contaminants and dust to air during scheme construction</p>	<p>CRC061762 Discharge contaminants, dust from construction</p> <p>CRC061763 Discharge contaminants, dust</p> <p>CRC061765 Discharge contaminants, dust</p> <p>CRC061755 discharge contaminants, welding, blasting, painting</p>	<p>Construction phase discharges</p>	<p>15</p>
<p>CRC102337 Discharge contaminants and dust to air during scheme operation and maintenance</p>	<p>CRC061762 Discharge contaminants, dust from construction</p> <p>CRC061763 Discharge contaminants, dust</p> <p>CRC061765 Discharge contaminants, dust</p> <p>CRC061755 discharge contaminants, welding, blasting, painting</p>	<p>Operation phase discharges</p>	<p>35</p>
