

TABLED AT HEARING
 Date .. 16/10/2009

OTHER CONSENTS BEFORE THE COMMITTEE

Land use consent for structures
 Discharges to water (excess irrigation water, diverted water)

RMA – Section 13 – Land use consent structures in bed of lake/river (intake structures)
RMA – Section 15 – Discharges to water

Consents required

Transitional Regional Plan

- Silent on matters relating to works in the bed and banks of rivers and lakes in the Upper Waitaki Catchment. Activities therefore require consent as a discretionary activity pursuant to section 13 and 77C of the RMA.
 - Killermont Station
CRC040181/CRC041330/CRC041776
 - Killermont (WHL)
- CRC041787/CRC073112/CRC073113
 - Glen Eyrie Downs CRC040836
- No provisions in the TRP which permit the discharge of water into water and therefore consent is required as a discretionary activity.
 - Killermont Station CRC041332
 - Killermont (WHL) CRC073114

Proposed NRRP

- Intake structures require consent under Rule BLR8
 - Killermont Station
CRC040181/CRC041330/CRC041776
 - Killermont (WHL)
- CRC041787/CRC073112/CRC073113
 - Glen Eyrie Downs CRC040836
- Discharge permits require consent under Rule WQL56 (discharge of water to water).
 - Killermont Station CRC041332
 - Killermont (WHL) CRC073114

Objectives and Policies

RPS Objectives and policies

- Chapter 6 - Provision for the relationship of Tangata Whenua with Resources;
- Chapter 7 - Soils and land use;
- Chapter 8 - Landscape, ecology and heritage;
