Dear Dr Freeman

Upper Waitaki Hearings - Lonestar Farm Limited - Godley Peaks Station

We refer to closing legal submissions presented in respect of this matter on 23 April 2010.

As you may be aware, during the presentation certain issues raised by Mr McNae in respect of the OVERSEER modelling for Godley Peak Station were addressed. Previous evidence had answered Mr McNae's concerns and the closing submissions pinpointed the relevant briefs of evidence for his consideration.

The Commissioners asked that we draw those provisions to Mr McNae's attention. We should be grateful if you would ensure he has received a copy of the Lone Star closing submission to review.

Please contact us if you require further information.

Yours faithfully

Goodman Tavendale Reid
