I do wish to be heard in person at a public hearing in support of my submission.

<p>C (1) The specific provisions of the Draft RLTS that my submission relates to are: (Specify page number and section on which you are submitting).</p>	<p>The whole document</p>	<p>(2) My submission is that: (State concisely whether you support or oppose each separate provision being submitted on, or wish to have amendments made and the reasons for your views.)</p>	<p>My issue is that with something as wide ranging as this it needs to be more in the public face! I am chairman of the Mt Somers Citizens Association and I asked at our meeting the other night how many had heard of the RLTS Out of 12 people 4 only had heard of it. It has probably taken years to get this far and yet the public are only given a month to read and absorb the document and its implications I am pleased to see for once that rural people have been considered and common sense shown.</p>	<p>(3) I seek the following amendments or decisions: (Please give precise details for each comment. The more specific you can be the easier it will be for the Regional Transport Committee to understand your concerns.)</p>	<p>A far more visible ad campaign so everybody knows about important issues such as this and more time to study such documents and seek advice if they feel the need, more like three months I feel. I get the impression the E Can don't want too many people to know about such things so that they can be pushed through without too much fuss.</p> <p>Thank you for your time</p>
