

GUIDELINES ON HOW TO USE THIS DOCUMENT

This document contains a Summary of Decisions Requested (SODR). The format of this document is arranged on a provision-by-provision basis. A provision is a part of Variation 10 to the Proposed Natural Resources Regional Plan (Proposed NRRP), such as Schedule WQN1.9, Knights Creek etc. Each provision heading is identified by a location reference and a description of the provision, e.g.

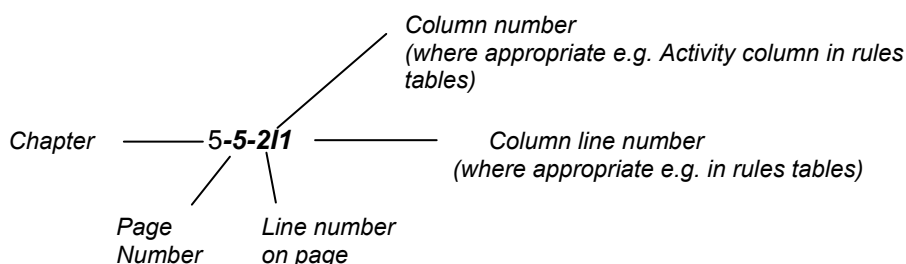

5-4-5 2.1.1 Schedule WQN1.9 Knights Creek, Halswell, LII and Kaituna Rivers and Prices Stream.

Under each provision heading there is a table made up of the location reference, the submitter's number and the submission point number, the submitter's name, and the summary of the decision requested by the submitter. The header at the top of each page provides the label for each column. An example is set out below:

5-5-211 Allocation limit for B permits

<i>Location</i>	<i>Sub No /point</i>	<i>Submitter</i>	<i>Summary of Decision Requested</i>
5-5-211	4.4	Department of Conservation	Amend Allocation limit for B permits to 7DMALF x2.

The **location** reference relates to the Variation 10 document and consists of a chapter, page and line number and identifies the particular part of the Proposed NRRP that a submission point relates to. It is made up as follows:

i.e. 5-5-211 refers to Chapter 5, page 5, line 2, column 1, line 1.

The **Sub No/point** is the submission number assigned to each submitter along with a submission point number for each decision requested by a submitter. The **Summary of Decision Requested** conveys what changes to the Proposed Plan, if any, that are being sought by the submitter.

All submissions made on a specific provision are grouped together under its provision title and listed in numerical order.

To find the submission number for a specific submitter, refer to the list of **“Submitters and Addresses for Service”** later in this document (refer to Contents page).

To use the **“Location reference of Submission by Submitter”** index:

- First find the submitter number under the **“Submitters and Addresses for Service”** index;
- Locate the submitter's number in the **“Location Reference Index”**
- The list of numbers next to the submitter number and name shows the location reference of the submission points that each submitter has made, e.g. 5-4-6, 5-4-6, 5-4-6, 5-4-6, 5-4-7.
- To find a location reference, choose the appropriate chapter of the summary of decisions and look for that location reference. From the title of the provision at the top (first occurrence) of that location reference, look for the submitter number - the submitter numbers are listed in numerical order within that provision.

Excerpts in the SODR from Variation 10 of the Proposed NRRP are quoted in *"italics"*, and where new wording is sought by the submitter, they are also "underlined". Note that deletions of any words or text are not always apparent, so comparisons with Variation 10 of the Proposed NRRP may be required.

Submissions requesting new provisions, or clauses have been located at the beginning of the relevant provision/section location. However, if the request refers to a specific existing provision it is located with that provision.
