

GUIDELINES ON HOW TO USE THIS DOCUMENT

This document contains a Summary of Decisions Requested (SODR). The format of this document is arranged on a provision-by-provision basis. A provision is a part of Variation 14 to the Proposed Natural Resources Regional Plan (Proposed NRRP), such as Rule WQN8, Figure WQL 6 or Explanation and reasons. Each provision heading is identified by a location reference and a description of the provision, e.g.

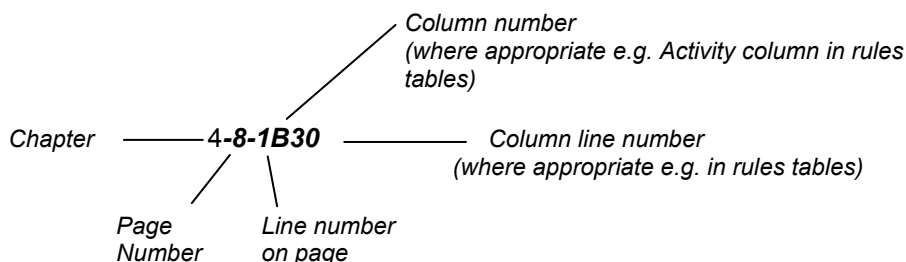

4-12-1 Explanation and principal reasons for methods to Rule WQL8

Under each provision heading there is a table made up of the location reference, the submitter's number and the submission point number, the submitter's name, and the summary of the decision requested by the submitter. The header at the top of each page provides the label for each column. An example is set out below:

4-7-1B31 Conditions to Rule WQL8

Location	Sub No/point	Submitter	Summary of Decision Requested
4-8-1B30	4.5	Medical Officer of Health	Retain the proposed amendment to Condition 14 Rule WQL8.

The **location** reference relates to the Variation 14 document and consists of a chapter, page and line number and identifies the particular part of the Proposed NRRP that a submission point relates to. It is made up as follows:

i.e. 4-8-1B30 refers to Chapter 4, page 8, line 1, column B, line 30.

The **Sub No/point** is the submission number assigned to each submitter along with a submission point number for each decision requested by a submitter. The **Summary of Decision Requested** conveys what changes to the Proposed Plan, if any, that are being sought by the submitter.

All submissions made on a specific provision are grouped together under its provision title and listed in numerical order.

To find the submission number for a specific submitter, refer to the list of **“Submitters and Addresses for Service”** later in this document (refer to Contents page).

To use the **“Location reference of Submission by Submitter”** index:

- First find the submitter number under the **“Submitters and Addresses for Service”** index;
- Locate the submitter's number in the **“Location Reference Index”**
- The list of numbers next to the submitter number and name shows the location reference of the submission points that each submitter has made, e.g. 4-4-1, 4-6-1, 4-7-1A4, 4-8-24
- To find a location reference, choose the appropriate chapter of the summary of decisions and look for that location reference. From the title of the provision at the top

(first occurrence) of that location reference, look for the submitter number - the submitter numbers are listed in numerical order within that provision.

Excerpts in the SODR from Variation 14 of the Proposed NRRP are quoted in *"italics"*, and where new wording is sought by the submitter, they are also "underlined". Note that deletions of any words or text are not always apparent, so comparisons with Variation 14 of the Proposed NRRP may be required.

Submissions requesting new provisions, or clauses have been located at the beginning of the relevant provision/section location. However, if the request refers to a specific existing provision it is located with that provision.
