

CONTENTS

Part I	Introduction and background	1
1	Introduction	1
1.1	Title	1
1.2	Purpose.....	1
1.3	Coverage	1
1.4	Duration	1
1.5	Review	1
1.6	Structure	1
2	Planning Framework.....	5
2.1	Legislative background	5
2.2	Prerequisites for proposal.....	5
2.3	Consultation	6
2.4	Relationship with other legislation and strategies.....	7
Part II	Pest Management Programmes	9
3	Strategy Pests	9
3.1	Organisms classified as pests	9
3.2	Other organisms to be controlled.....	11
3.3	Assessing Organisms not included in the Strategy	12
3.4	The Management Agency.....	14
4	Strategy Overview.....	15
4.1	Strategy outline	15
4.2	Affected parties and the necessity to act.....	15
4.3	Funding overview.....	18
4.4	Community Initiative Programmes.....	18
5	Total Control Programmes.....	21
5.1	Introduction	21
5.2	Rooks	21
5.3	African feather grass.....	23
5.4	African love grass	24
5.5	Baccharis	25
5.6	Bur daisy	26
5.7	Coltsfoot.....	27
5.8	Entire marshwort.....	28
5.9	Saffron thistle	29
5.10	White-edged nightshade	30

6	Progressive Control Programmes.....	31
6.1	Introduction	31
6.2	Nassella tussock	31
6.3	Chilean needle grass	33
7	Containment Control Programmes	35
7.1	Introduction	35
7.2	Bennett's wallaby	35
7.3	Possums	38
7.4	Rabbits	40
7.5	Broom	44
7.6	Gorse	46
7.7	Nodding thistle	48
7.8	Ragwort.....	49
7.9	Variegated thistle	50
8	Biodiversity Protection Programmes.....	53
8.1	Introduction	53
8.2	Programme areas.....	54
8.3	Animal pests and other organisms to be controlled; mustelids and feral cats, feral goats, feral deer, feral pigs, wasps, Argentine ants, European hedgehogs, ship and Norway rats	57
8.4	Banana passionfruit	64
8.5	Bell heather.....	66
8.6	Boneseed.....	67
8.7	Darwin's barberry.....	68
8.8	Egeria.....	70
8.9	Hieracium.....	71
8.10	Lagarosiphon	73
8.11	Old man's beard.....	75
8.12	Phragmites.....	77
8.13	Wilding Conifers.....	79
8.14	Wild thyme	83
8.15	Magpies	84
8.16	Ash, holly, red-flowering currant and sycamore	85
8.17	Barberry, boxthorn, carex, common polypody, puna grass, Russell lupin and vipers bugloss.....	86
9	Restricted Sale Programme	91
9.1	Introduction	91
9.2	Unwanted Organisms	91
9.3	Restricted Pests.....	93

Part III	Processes	97
10	Funding	97
10.1	Introduction	97
10.2	Beneficiaries and exacerbators	97
10.3	Cost allocation and funding rationale.....	101
10.4	Pest Management Rates – Description	106
10.5	The anticipated costs of implementing the Strategy.....	108
11	Powers Conferred	111
12	Regulatory Management	113
12.1	Policy for enforcement	113
12.2	Regulatory procedures	113
12.3	Exemption power	115
13	Monitoring and Review	117
13.1	Measuring the extent to which the objectives are being achieved	117
13.2	Monitoring management agency performance	121
13.3	Review of the strategy	121
14	Pest Management Liaison Committees	123
15	Coordination with other Pest Management Strategies	123
16	Compensation and disposal of receipts	123

Appendix 1	Glossary of Terms.....	125
Appendix 2	National Pest Plant Accord List.....	129
Appendix 3	Map 1: Nassella Tussock.....	132
Appendix 4	Map 2: Bennett’s Wallaby Containment Zone.....	133
Appendix 5	Lagarosiphon Schedule.....	134
Appendix 6	Modified McLean and Guilford Scales.....	134
Appendix 7	Pest Rating Districts.....	135
Appendix 8	Map 3: Boneseed.....	137
	Map 4: Egeria.....	138
	Map 5: Wild thyme.....	139
	Map 6: Chilean needle grass Containment Zone.....	140

List of Tables

Table 3.1	Eradication Pests.....	9
Table 3.2	Containment Animal Pests.....	10
Table 3.3	Containment Plant Pests.....	10
Table 3.4	Restricted Pests.....	11
Table 3.5	Other organisms to be controlled in targeted areas as part of the site-led Biodiversity Protection Programmes.....	12
Table 3.6	Organisms considered for inclusion.....	13
Table 4.1	Responsibility for Plant Pests on Roads.....	16
Table 5.1	Estimated number of rooks in Canterbury 1998-2002.....	21
Table 9.1	Surveillance Plant Pests (RPMS 1998) now declared Unwanted Organisms.....	92
Table 9.2	Restricted Pests under this Strategy.....	93
Table 10.1	Beneficiaries and Exacerbators.....	98
Table 10.2	Funding formulae under this Strategy.....	103
Table 10.3	Points of benefit and estimated maximum rate.....	107
Table 10.4	Anticipated Annual Costs and Revenues.....	109
Table 11.1	Powers to be used.....	111
Table 13.1	Monitoring objectives.....	117

List of Figures

Figure 7.1	Rabbit Proneness Map.....	41
Figure 8.1	Relationship of the High value ecological area identification process to the Strategy and Operational Plan.....	56
Figure A4.1	Pest Rating Districts.....	136
