Dear Water Right Holder,

Re: Expiry of water right(s)

- NCY860003 TAKE FROM A 33.1M DEEP BORE FOR FACTORY USE.

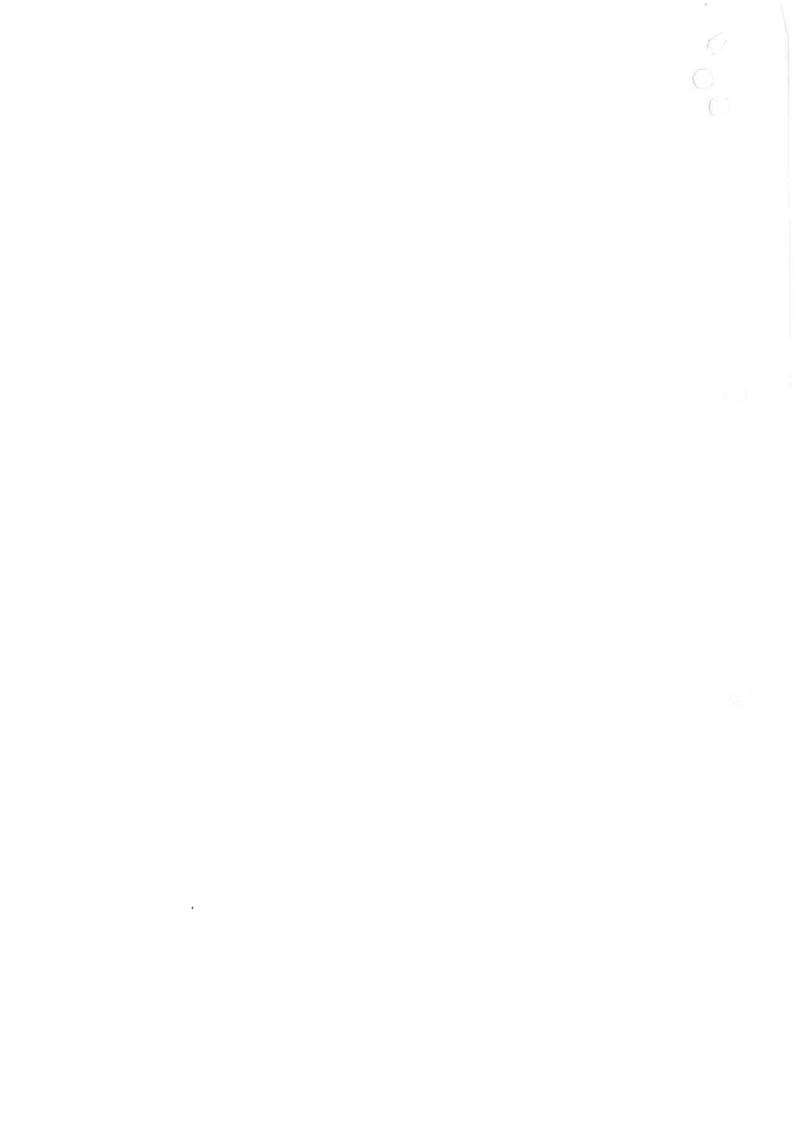

I have to advise that your above water right/s expire/s on 30-Apr-1988 and an application form is attached for your completion if you wish to obtain new rights. If you have sold your property or no longer require a water right please complete and return the appropriate form which is enclosed with this letter. Should you require any assistance in filling in the application form please do not hesitate to telephone or call in to the Board's office.

The Board now requires the applicant to meet the actual administrative cost of processing an application and any technical investigation which may be necessary. Accordingly, a water right applicant is now required, on making an application, to pay a deposit against the Board's expenses. The total deposit required on your application is \$200. Following a Board decision on the application you will be billed for any reasonable expenses in excess of the deposit or you will receive an appropriate refund.

Applications received will be advertised as required for objection, investigated by the Board's staff, and, at the close of the objection period where no objection is received will be referred to the Board for decision. If objections are received, copies of the objections will be sent to you, together with advice on the procedure to be followed.

Yours faithfully,

B.J. Mairs

Secretary, Kaputone Wool Scour Ltd, P.O. Box 3, BELFAST.

Dear Sir,,

YOUR APPLICATION FOR WATER RIGHT

The attached water right is issued pursuant to the decision of the Board on 5 September 1986 approving your application.

Under the provisions of Section 25(1) of the Water and Soil Conservation Act 1967 the decision of the Board on your application is subject to a right of appeal to the Planning Tribunal within 28 days of 16 September 1986, the date of posting this letter.

Should an appeal be filed against the Board's decision, the water right must be surrendered to the Board at the above address for amendment or cancellation in accordance with the decision of the Planning Tribunal given on the appeal.

In the absence of any appeal within the 28 day period mentioned, the decision granting the right is final and the attached right should be retained in your safekeeping.

The granting of the right does not absolve the grantee from obtaining the consent or approval of any authority whose consent or approval may be required in respect of any works associated with the implementation of the attached water right.

The Board also determined that, in line with its policy, you be required to meet costs of investigating the application totalling \$202.39 made up as follows:

Statutory Application Fee	\$30.00
Administration Costs	\$70.16
Investigation Costs	\$102.23

TOTAL \$202.39

As you have paid a deposit of \$200.00, no further payment is required.

Yours faithfully,

SECRETARY.

SECTION 4 TAKE UNDERGROUND WATER

If † 's application is in respect of more than one well, then complete each question as appropriate. All wells or bores sunk require a well permit under the North Canterbury Catchment Board Bylaw No. 2, Underground Water, 1978. Bores sunk prior to 1 February 1979 do not require a permit. These bores are referred to as "existing" bores. The chart in Appendix III at the back of this form will help you with metric conversions.
