

**Land use change on the
margins of lowland
Canterbury braided
rivers, 2012-2019**

Report No. R21/05

ISBN 978-1-99-002737-6 (print)

978-1-99-002738-3 (web)

This report has been withdrawn while a reanalysis of the data takes place that better reflects the scale of analysis undertaken. The reanalysis is taking place due to information from the community that brings into question the findings of R21/05.

Dr Tim Davie, Director of Science, Environment Canterbury
